PORTFOLIO IN DEVELOPMENT | JUNE 2018

Values in millions in the indicated currency.

Projects Unit was designed and established in the first quarter of 2018 to assist IICA's Offices and Technical Cooperation Units in securing external funding, to foster the development of an innovative technical cooperation model. It also enables the Institute to position itself, and to address the main challenges facing "Agriculture in the Americas" effectively, while promoting rural well-being in the hemisphere.
