

# Caribbean Climate Responsive Agriculture Forum (CCRAF)

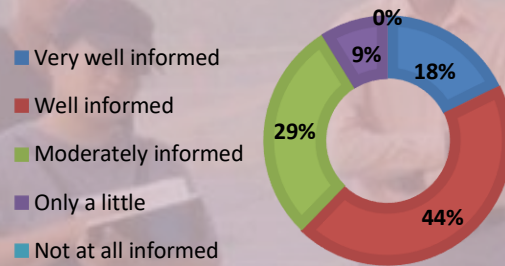

Part 2  
October 14, 2021

## Experiences Enhancing Climate Responsive Agriculture in the Caribbean

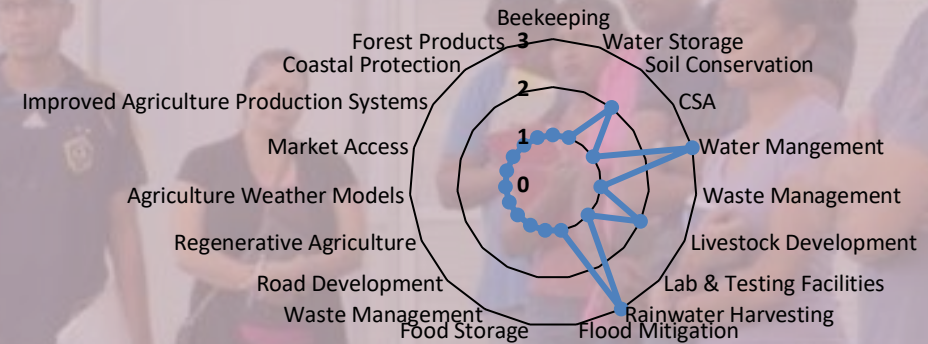

### Baseline Poll

How informed are you of IICA's Work in the Caribbean Region?

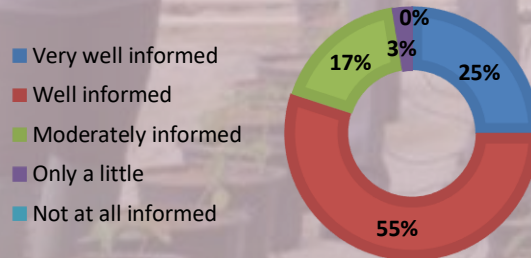

### Breakout Groups Dialogue

What projects would you like to see implemented in your country?

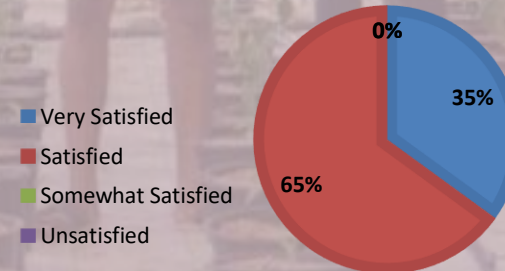

### Feedback Poll

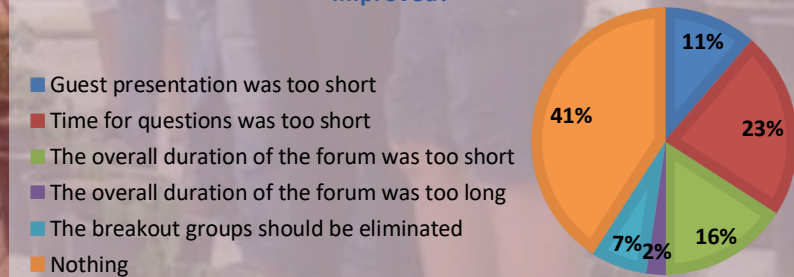

Do you feel better informed about IICA Work in the Caribbean Region?

How satisfied were you with the forum?

What components of the Forum do you feel can be improved?

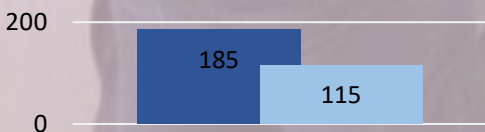

### Guest Speakers:

Mr. Kent Coipel  
Mr. Lorenzo Tirtopawiro  
Mr. Willie Chan

**Objective:** To share IICA's experiences in enhancing the climate responsiveness on the Caribbean Region's agriculture sector through the project implementation in the areas of sustainable land and soil fertility management, climate-smart technology, and disaster risk and women
